Needing to break a lease early or willing to rent? We are a retired couple looking for a 2 Br 2 Ba, 5-6 month sublet/lease in the Denver area starting sometime in June? We need to leave our home in Denver due to a remodeling project and we are looking for a short-term rental. We would ideally like to spend about \$1,500-\$1,800 /month. Place can be furnished or unfurnished. We have a 10 year old house trained female lab. If you come across this posting and you or anyone you know can help us out, we would be!
