

Tiler needed (Bella Vista)

Location

Arkansas

<https://www.genclassifieds.com/x-284428-z>

I am looking for a tiler to lay about 650sf of wood-look ceramic tile in a hallway, entry way, living room, dining room and two small closets. Job will also include laying Durock underlayment. I am paying cash for the job. I already have the tile and will get the Durock. I will also remove the carpet and other demo, in addition to moving all the furniture. Looking to get this done asap. Basically I need someone to put down the Durock, lay and grout the tile. If you're looking to pocket some cash fast, and can provide at least 3 references of work you've done, contact me and let's get this tile out of my garage and in my home.
