

telecom installer (denver metro area)

Location

Colorado

<https://www.genclassifieds.com/x-284463-z>

I am looking for a few good telecom installers. Experience is important but we will train
I need a few good people to help out with some small jobs, Top dollar pay.

Must be able to or be trainable to: Terminate patch panels, 25 pair-100 pair, jacks and pull/install CAT 5E and CAT 6e. You may have to install a little security and A/V.
Must have your own termination tools, we will have the testers and labelers.

The type of people I am looking for must be Driven, motivated, have access to a vehicle

If you are interested in a position please contact Adam @ seven20-254-7519
