Selling 8 as-good-as-new books about gentle, natural birthing etc.
 All were bought new and I only read/skimmed some of them during my recent pregnancy.
 They are in great shape, recent editions (except the "What to expect" one, that's quite old but still valid)
 and I am selling them for at least 50% off regular price! Asking \$40.

Please see photos for titles etc. Feel free to ask questions.

Sold as a lot only. Cash & carry. Serious inquiries, please. Thank you!
