This truck is very comfortable to drive. Almost all of the mileage is truly highway, as I have primarily driven down the coast. The truck has been extremely reliable. Everything works and there are no known mechanical issues. I have driven it to California and back.

I have complete service records for the last 7 years that I have owned the vehicle. I have only used synthetic fluids.

I do not believe that you will be able to find a better truck for this price in the DMV area. If you see this posting, the truck is still available. I will pull it immediately when it sells.
