NO SCAMMERS PLEASE!!

For sale is our gently used "Dish" heater. It has two energy settings of 400 watts and 800 watts and has turning controls. Is as efficient as a 1500 watt unit. Keeps you very warm and toasty. In excellent condition with no damage and hardly used. Paid \$60 last winter.

Exact same unit but rebranded as this one: <http://www.amazon.com/Soleus-Air-HE08-R9-21-Oscillating-Reflective/dp>
