**NO SCAMMERS PLEASE!!**

We purchased this piece in a gallery in NYC before moving here. We're redecorating and changing our color scheme and are selling this piece. Paid \$250 for the print plus \$150 to have it professionally framed with glass. Frame needs a couple of small touch ups with same color paint. Easy fix from Hobby Lobby or any art supply store. Located in North Bentonville near Bella Vista. Print is 18"X22". Frame is 30"X40". A real bargain at only \$200 as this type of artwork gains value with time. #37 of 950. Has wire on back for mounting. This is not a simple reproduction print. It's hand signed and numbered by the artist.

The paper utilized is a 280 gram, acid-free, 100% cotton, archival substance. The original piece of artwork is "captured" by the National Archive Museum of London. The image is created in the IRIS printer, which is the highest echelon device for reproducing fine art and creates the "Giclee," French for spray. Each print is hand signed and numbered by the artist.  
Limited Edition printed on Archival Material for preservation.

About the artist: St. John

Influenced by world renowned artists such as Picasso, Rauschenberg, Demuth, and Basquiat, St. John lives in the aesthetic, where the rhythm of nature is now his primary influence. Whether creating abstracts, collages, still life, or figures, he compares the versatility and variety of his artwork to the ever-changing faces of nature. "I think of my art as an infusion of early abstract expressionism and modern

pluralism ideals. My paintings confirm where art has been, but also creates possibilities for the future."
