

FOUND Pets at KC PET PROJECT

Location **Kansas**
<https://www.genclassifieds.com/x-284687-z>

<http://kcpetproject.org/lost-pets/found-pets/>

KC Pet Project's shelter located at 4400 Raytown Road, KCMO , south of Arrowhead Stadium, We are the intake shelter for ALL of Kansas City, MO, both north and south of the river. Any pet found within Kansas City, MO city limits could be brought to our shelter -- including pets that have wandered in from other adjoining cities such as Gladstone, Independence, Overland Park, Raytown and Grandview. Our shelter receives animals every day and one of them could be your pet. We are required to hold stray animals, animals that do not have an identified owner, for five days. As the owner you are the best person to identify your own pet so please come to the shelter to personally identify any pet you think may be yours.

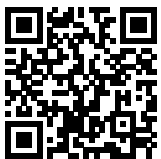

If you visit our shelter and do not locate your pet, please complete a lost pet report while you are here so we can post it in our kennels and keep an eye out for your pet. Please also provide a picture of your pet (especially important for cats!!) You will need to visit the shelter or lost/found page several times weekly on staggered days for the best results in finding your pet

Please email this ad and include the pet's id# and your contact information if you find your lost pet on our website.
