I figured out a cool way to cut your grocery bills in half with a rad rebate trick. What you do is combine rebates and coupons and save a fortune. Heres how. I used IBOTTA APP and Jing IT APP and my KROGER DIGITAL COUPONS. I saved \$400 last year second pic has proof.

Here's the move. Pic your rebates like in IBOTTA then pick the exact same rebates on JING IT!. You will get double the rebates. IBOTTA is super rad. It has beer, wine, electronics, restaraunts pretty much rebates on everything. All you do is scan the receipts and it rewards you pretty quick. The beer rebates were rad. 4.00 of newcastle amstel and heinikin 12 packs!! You can use each twice.

Other IBOTTA facts are below.

- 1. Shopping (scanning receipts)
- 2. Inviting friends (\$5 per invite!!)
- 3. Completing bonuses (\$1 to 3)
- 4. Completing offers (\$.25 to \$10)

You will get paid for everything you do with cash! This is not a gift card program we only pay in real money.
