Tactile Portraits is a Northville-based computer animation and video production business.

Need a business logo animated?

Want a family album converted into images in 3D space?

What about completing a PowerPoint presentation?

These or any similar tasks will be done swiftly and professionally. Samples of some of my works can be seen here at my YouTube page.

My rates are very reasonable, and I make sure that communication with customers is prompt and thorough, and so you'll be kept informed of the key milestones and choices as the product develops.

You can reach me through the contacts listed above, and many samples can be viewed at my YouTube channel: www.youtube.com/TactilePortraits. The telephone again is . Hope to speak with you soon!
