Available right now is a 18 gallon CAD saltwater tank the pics really don't do it justice . It has filtration built into the back of the unit, comes with a skimmer and LED lights (I kept LPS and soft corals) I just upgraded this is a desktop aquarium so there is no stand. It's not even 6 months old. Donation of \$50. I am upgrading my 75 gallon in the next week or so to a very large tank so that will be for sale also its plumbed with a sump and everything. Just the tanks on these no fish or livestock. I can send pics of 75 if interested I will be looking for donation of \$250 on the 75. !
