We are a registered non-profit 501(c)(3) animal rescue group who rescues animals from overcrowded high-kill animal shelters. All animals are fully vetted, vaccinated and spayed/neutered before adoption. Our rescue animals stay in foster homes while they await adoption.

Please meet Bailey! Bailey is a gorgeous female Treeing Walker Coonhound. She is approx. two years old and weighs approx. 45-55 pounds. Bailey is spayed, vaccinated, vetted and all records will be transferred to her new owner. Beautiful Bailey is the whole package of beauty and brains! She stands tall with her long legs, and her adorable long brown ears are velvety soft. Bailey has the most inquisitive and expressive eyes, stunning tri-color fur patterns and adorably sweet personality! She is super friendly and loves everyone and everything! Bailey captures everyone's heart with her outgoing, tail-wagging, loving-life personality! This lovely lady is affectionate, kind-hearted, sweet-natured, playful and fun-loving! Some of Bailey's favorite things, other than her family, include keeping healthy by being active outdoors with those she loves. And now that Spring is in the air, Bailey can't wait to stretch her legs outside and soak up some sunshine! She enjoys sniffing new scents, and all the sights and sounds of nature. Bailey has a medium or sometimes higher energy level, meaning she's not overly energetic, but she's not a couch potato either. A family who enjoys spending time outside would be a great match for her, even if it's just hanging out in the backyard. Bailey is very intelligent and curious about the world she lives in. She catches on quickly and she thrives with learning new things. She is confident, smart, loyal, and very loving. Bailey would make a wonderful family dog. She would enjoy playing with children in the yard, going for a walk around the neighborhood, learning to catch a frisbee, but most of all, cuddling up with her

family members to catch some doggie Z's! Bailey would be so happy if her new family gave her a warm blanket to call her own, some doggie treats, and a well done meal with a side of love. Bailey's environment will need to be a loving family and a customer who she'll love to be with. To adopt, please read the following:

To adopt, please email with a description of who Bailey will be living with, the home she'll be living in, and any additional info! We will reply with an adoption application to get to know you better. Our adoption process is simple and easy. We look forward to hearing from!
