Looking for a sweet, gentle feline companion? Ruby Lavender is your girl! She is a three-year-old gorgeous dilute calico cat who is being fostered for Walter Rescue. She is incredibly gentle with people, and does great with kids -- even the young ones. All she wants in life is to be with you, purring. And treats. She's very vocal when she thinks she should be fed. While Ruby does seem to prefer to be the only pet in the house, she'll be a \*perfect\* companion for someone who can only have one pet because of apartment restrictions, etc. She would also make an excellent, low-maintenance companion for a senior. She's incredibly affectionate, silly, expressive, has the SOFTEST fur and loves to snuggle. She loves looking out the window at birds and squirrels. Ruby is spayed, FIV/FLV negative, and up to date on shots. Her adoption fee is \$80 and all of that goes back into our rescue. Please check out her Petfinder page at <https://www.petfinder.com/petdetail/30974830>. Ruby is a cat you will absolutely fall in love with!
