

All City Big Block 52 cm (480 USD)

Location **Massachusetts**
<https://www.genclassifieds.com/x-314520-z>

Up for sale is a lightly used 52cm All City Big Block fixed gear bike. Currently the only deviations from its stock build are the dimension alloy riser bar, msw locking grips, 18T surly cog and Vittoria Randonneur tires (which are in great shape). I'll also include the stock pista drops and 17T all-city cog.

There are a few tiny knicks in the paint here and there but otherwise the bike is in close to brand new condition. If you would like a front brake, I will install one for an additional \$25. Pedals are not included.
