Her name is HONEY and she's a collection of perfection!!

She lives up to her name with her extracted sweetness churned into a sugary charm. This love muffin is a joy to be around! Weighing at approx. 55 pounds and only 2 years old, Honey is seeking for a family to call her own. She enjoys the company of other dogs, and would be okay around children. Sorry, no kitties. If you're looking for a delightful companion to share snuggles and moonlit walks with along the sandy beaches, inquire today for an application and make Honey's dreams come true! Please text: for an application or more info. Free transport provided to an approved home anywhere in the U.S. References required/spayed/up to date on.
