Beautiful and sweet Tailor, a Maine Coon, was found hit by a car in a convenience store parking lot. With a bloody face and a broken and mangled tail, she was taken to a local county shelter, which was unable to provide for her medically. Tailor was facing euthanasia.

Purrfect Angels has rescued Tailor, and we got her the medical care that she needed, including a tail amputation. Now she's ready for her forever home. Please apply to adopt Tailor by going to <http://purrfectangels.net/adopt>
