

Shows are performed in the evening, 7 days a week, with occasional matinee performances. We are looking for performers who can typically guarantee 1-2 nights of availability per week. WHAT TO PREPARE: Two contrasting musical theatre songs, 16-bars each. (Singing will be done a cappella.) All actors and dancers will read sides from the show. Women -- wear character heels for the audition. Dancers, be prepared to do a short combination.

FINGERS: A Nathan Detroit-like character, he makes his living running a craps game, and keeps Bunny June happy with his corny jokes. If only he could settle down and get a real job. . . Improv experience a plus.
