

PhotographerArtist looking for nude model (Orlando)

Location **Florida**
<https://www.genclassifieds.com/x-314897-z>

70 percent of my work requires nudity.

I look for models who are simply comfortable with nudity. It's a type of person. Finding an ongoing model for my experimental work is the goal here.

Amateurs are fine, but must have a nice form. I shoot a variety of themes.

This is about photography and art for me. In addition to pay you would receive at least 5 photoshopped copies of best of shoot.

If you have an interest, let me know. If you are a model send a link to work online. If you are an amateur, please attach pictures to your response.
