

Search Engine Optimization Internship (boston)

Location **Massachusetts**
<https://www.genclassifieds.com/x-314924-z>

You will pick up this technical skill by doing Seo hands on related tasks that you will be assigned and trained to do. You can use this training to do Seo to your own website to rank it on the search engines, seek seo employment, or start your own local seo business. This is a virtual work and train from home opportunity ! You must have these tools to qualify for the seo internship: computer with internet access from home, cell phone , must have some basic experience with some of the following -- using an email account and sending emails, using search engines like Google to search things of interest online, etc
 Must be able to commit to 20 hours per week to be considered for this opportunity, if 20 is not possible let me know what you can handle to see if it works for me and you. Show me you can follow instructions 1st Step to qualifying for internship INSTRUCTIONS --- Please provide me with 1 or more ways for me to contact you, example: your cell number, email address or work number, what ever you are comfortable with providing and best time to call you if you provide me a phone... !
