I am doing a project/study for school. All I need is a quick 15 minute meet up to ask a few generic questions, with someone who matches these stats. We can meet at my school on campus or somewhere in public of your choosing. Stats are female, 21-25, 5'4" ish, slim build, brunette, hazel eyes (not as important), more younger looking than older. You'll be compensated for your time \$40. Please send stats and a quick selfie or face pic.

I'll give a referral reward to anyone who gets me in touch with someone matching and it works out. !
