

# SAT (9.. USD)

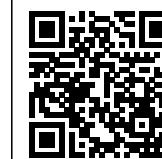

Location

**Kansas**<https://www.genclassifieds.com/x-314964-z>

If you have a power driver with a Phillips bit and a ladder, I have a few hours of work Saturday morning. Lots of screws to be driven out of wood. Bring more than 1 Phillips bit if you have them, if not, I'll see if I can get some extras. Don't forget to charge up your power driver. Also, don't forget to wear appropriate footware, gloves, safety glasses if you have any? Carrying lumber and lifting will be involved, work will be performed inside and possibly outside. The weather Sat morning is looking good.

If you have a pickup, a trailer or box truck, you go to top of the list as the wood will need to be sorted out at disassembly and transported to a location close by a few miles away.

\$15 hour with trailer/box truck and power driver (pickup gets \$10 hr), \$10 with power driver only (and truck if you have one), \$8 labor without power driver (& no truck)
