

Seeking for Help from an Attorney (honolulu)

I am "desperately" calling for help! I am asking the attorneys who see this: my advertising page, to see if you can help me. All I want is to sue somebody who borrowed money from me and refused to return to me the money. This alleged person is my ex-wife. She cheated me, used me and dumped me. She and her son were immigrants, and I was their guarantor when they came to USA. They did all these terrible things because they were greedy and dishonest.

In 2006 I suffered from a brain injury. It makes me difficult to communicate verbally. Luckily, I can manage to express myself in writing.

Even if you are only a college graduated lawyer waiting to be in the business, you are most welcome! Please join me to file a law suit against these people and fight for justice. Please click "reply" to my letter. I have 2 pages of my letter waiting to be shown.

There is one more thing. I would like to plead for a lower lawyer charge rate if possible. And I hope you can give me your special consideration. After I got the stroke in 2006, I lost my language ability and my working ability as well. Moreover, I have a 7 years old son to take care of by myself alone. I would very appreciate your generosity to charge me at a minimum or a very low rate.
