This is an opportunity to own a large, oversized lot in an exclusive gated subdivision.

With a low down payment and only \$455/mo, you can begin the process to build your dream home.

The subdivision has ponds with fountains, gated entrance and nature trails.

The lot has a couple of very old live oaks, and boasts over 37,000sf.

If this seems like an opportunity for you to own, please reply to this post.  
Thank.
