Have a business idea? Trying to boost sales or find better leads?  
Need to focus on SEO? E-mail marketing campaigns? Implement a better CRM?

First of all, I'm not selling anything. This is crowd thinking.  
I am part of an association of like minded entrepreneurs from various industries and backgrounds.  
I'm interested in establishing funding for big ideas and assisting in sales and marketing.

Tell me more about your situation and what project you are working on. Get a fresh perspective.
