Dedicated, nurturing and energetic nanny / mothers helper is available for all your childcare needs. I believe that my job not only includes taking care of your children, but making life less stressful for you. My asking fee is \$12-\$13 per hour, of which rest assured, I AM NOT ON THE PHONE, COMPUTER OR WATCHING TV. I am CPR and First Aid certified, and I have been working with children of all ages for over 19 years in both domestic and school settings.

Presently, I am employed as a tutor in various school districts in Oakland and Wayne counties. If needed, these services could be provided as well. I also work as a nanny on a part -time basis.

I received my B.S.W. from Eastern Michigan University where my focus was on at risk children. I also possess my minor in English Studies. Although I enjoy children of all ages, I feel I am most suited for toddler age and older.
