

summer care available

Location **Michigan**
<https://www.genclassifieds.com/x-315051-z>

Hi there my name is Leslie. I'm starting to look for summertime work. I'm currently nannying for 3 school aged children and they won't need care in the summer.

I'm 31 years old. I'm very mature and responsible. I've got several references. You are more then welcome to contact all of my previous employers. I am very flexible with my hours. I have over 15 years of caregiving experience.

My past experiences include bring a nanny for several families. I worked at a company called J.A.R.C in group homes. I worked at a company called The Guidance Center as a respite caregiver. I provided caregiving relief to families with children with developmental disabilities including cerebral palsy and autism. I worked at Temple Beth El nursery school. I have worked for the state of Michigan's D.H.S. Adult foster care unit. I have worked in nursing homes and assisted living facilities.

I am C.P.R. Certified and first aid and AED certified. I am M.O.R.C trained. I've got reliable transportation a good driving record and a chauffeurs license. I studied medical assisting at Ross medical education center.

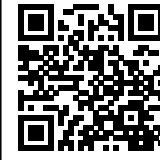

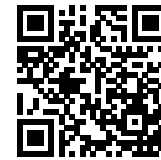

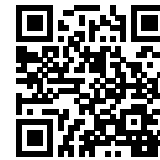

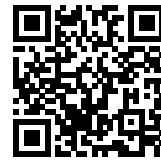

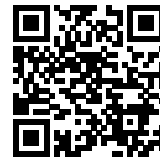

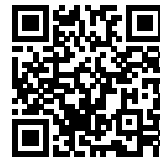

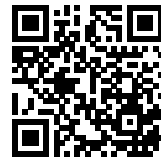

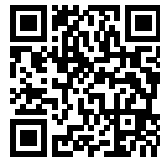

After years of working for companies I decided I wanted to go back to my roots and work one on one directly with families doing the one thing that got me interested in the car giving field to begin with and that's child care.

\$13 an hour.

Please feel free to contact me anytime. I'd like to hear from you!

Sincerely,
Leslie
