Looking for a new home for my brindle bulldog... Wilson is a 2 yr old boy. Neutered and up to date on Shots etc. trained on the invisible fence and raised with small kids.. Never been an issue with the exception that he is a big boy and can easily knock the kids over when running in the yard. Our life work schedule has got out of hand and Wilson just isn't getting the attention he deserves. This is not an easy decision for the family. My 4 yr old basically brought Wilson home as a puppy and they grew up together.

Wilson is a softie with other dogs and regularly plays with a friends pack who had 2 pit bulls. Never an issue.

I'm hoping to find someone with no kids who is home more. Knows the bully breed etc. I will check references. Small donation fee which I will actually pay it fwd and donate to our local shelter.

Serious replies only.

Please put Wilson in the subject line and include a phone number. All other replies without these 2 requests will be deleted due to.
