

# gtINTENSIVE SPEECH THERAPY....HOW NONVERBAL KIDS BECOME VERBALIt (ASL)

Location

Florida

<https://www.genclassifieds.com/x-315250-z>

ASL PEDIATRIC THERAPY SERVICES in Weston specializes in helping nonverbal toddlers and children to speak.

If your child is over 21 months old and is not speaking in at least 2 word utterances, or is difficult to understand when they do try to speak; it is time to contact the Speech Therapists at ASL Pediatric Therapy Services.

ASL says: if your child is walking....they should be talking.

Our personal approach to Speech Therapy ensures that our students make positive and measurable improvements in their speech, language, academic performance, and behavior.

Call us today at to schedule a FREE Consultation and visit for your child this week.

For more information about ASL and all of our unique programs and services, call us and visit our web site at [www.aslpeds.com](http://www.aslpeds.com)

Your child really wants to talk. ASL can make it happen.

We believe your child can do more than it is doing.

It's not happening itself. Call us today. Let's make it happen.

Others can't. ASL can.
