I'll cut straight to it. I'm looking for a bassist that has the following criteria:

- Positive attitude
- Dedication/ability to commit to a band.
- Passion for music
- Desire to be a part of a band with a great outlook.
- Creativity/talent
- Strong communication skills.

This is for an original band. We have vocals (female fronted) and lead/rhythm guitarists in place. Looking to find the right bassist. Our sound is Hard Rock with a mix of other genres thrown in. Everyone has creative freedom to play as they wish. We do work collaboratively to develop songs/bounce ideas around. I can provide recordings upon request. This is a serious project, so only respond if you are responsible/driven/passionate about creating music. If you are interested, please email recordings. Thank.
