Love to organize?!

Love to clean?!

Want to help me Please?!!

I am in need of some one who might want to help me de-clutter and organize my space.

No Judgments, please. My place is not huge, 1 bdrm apt, and my organization is not huge either.

(Hoarder no, Just want to tackle some stuff)

Sorry I have not responded yet, i'm embarrassed. But I am going to do this with help, right?

I can't do this on my own, otherwise I would have already. Along time already.

Ok lets do this?!
