Love to organize?! Love to clean?! Want to help me Please?!!

I am in need of some one who might want to help me de-clutter and organize my space. No Judgments, please. My place is not huge, 1 bdrm apt, and my organization is not huge either. (Hoarder no, Just want to tackle some stuff)

Sorry I have not responded yet, i'm embarrassed. But I am going to do this with help, right?

I can't do this on my own, otherwise I would have already. Along time already. Ok lets's do this?!
