

Experienced contractors available for work

Location

Indiana

<https://www.genclassifieds.com/x-315491-z>

If you're in the HVAC, heating and cooling, plumbing, painting, roofing, handyman, electrical, renovation/additions, window installation and computer repair categories, this opportunity is for you.

We offer FREE leads for you to review before you pay anything. Unlike other companies, we don't charge you before we send you the leads.

In this competitive market, it can be hard to gain customers. We're here to help.

It's free to sign up and you get to listen to every lead for free before you pay anything. With us, the customer doesn't choose the contractor. . . the contractor chooses the customer.

You would get an automated call from our headquarters. It will give you the full job description and location. It's then your choice to talk to the customer or decline the customer. If you decline the customer, you never charged for that lead. There's no monthly fee's or contracts involved. It's always on a pay as you go basis.

If you like a lead and you want to talk to the customer, you would pay us a small fee between \$13-25 (depends on category).

We've reached over 1 million customers and the number keeps growing. If this is something that interests you, please feel free to email your name & number and we'll contact you with more information.
