

water damage garage (westside)

Location **Indiana**
<https://www.genclassifieds.com/x-315502-z>

We have some water damage and mold due to all the snow. We need the new siding, removed wood behind it replaced, some of the frame needing replaced, and possibility gutters put on. Please don't call if your not going to show up or if you cannot speak any English to understand me. Have money to fix now and need someone who knows what they are doing. We have done a lot of work to this house and could possibly have more work for you later. Call 938-two 9 six
