I am a guitar player with 30 years experience that will be playing live shows with backing tracks and looking for a singer to sing along with backing tracks between my instrumentals. Also would like to do a few songs on acoustic while you would sing. Also need a singer to write lyrics to my songs that we also can play live. If all goes well we can record our originals. Looking for someone to sing Bon Jovi, Kiss, Poison, Guns n Roses, Van Halen and Dokken. No singers with lead singers disease/attitudes/egos. Some gigs may be non paying. Mostly looking for someone that has a passion for the music and playing live. Dont write me asking to hear my music. The music you will be singing with are cover songs that the music is already recorded as a backing track and are very close to the originals. I need to hear your voice demo.
