Selling my 1999 Jeep Grand Cherokee Limited Edition. It is cream white with tan leather interior. Everything works...A/C, heat, etc. I am a mechanic so it has been meticulously maintained. It has the Straight 6 cylinder engine. If you know anything about these engines you know they last over 500k miles all the time. I have seen 3 with over 400k still going strong. Non smoker. Mobil 1 full synthetic oil only. Very nice vehicle for the price. 220k miles. Changed all fluids, tuned up, replaced heater core, ac condenser, and front end parts at 200k miles. Has a tear in driver seat. Full size spare wheel. Power everything. Memory seat. Keyless entry. Tinted windows. Will upload pics soon or send them upon request. Clear MS title in hand.
