We are in our early 20s. Have a cat that sleeps in our room all day. Both work full time downtown. Need something ASAP that is month to month as we are moving to Oregon this summer. We are both very clean, respectful, and pay rent on time. You must be 420 friendly, I like to have my morning bowl in bed ;) We don't want to live with any lames, creeps, or people with kids that still cry or are noisy. We also want to stay close to downtown. Must be drama free! Let me know prices and about the peep/s already there. We are super chill and would be a great addition to anyone's home! Any questions text 20h8 ate63.
