A great playing, vintage 10M Conn tenor saxophone. Arguably the last of the Conn professional grade, quality instruments. Absolutely original lacquer. Fresh overhaul. All perishables replaced. Thin pads, huge Selmer design domed resonators. ("a rock and roll character") Precise (no slop) mechanism. Ease of action. Big Conn sound. Includes attractivea and very useful OEM case. Callsonly (have you priced earlier RTH 10M Tenors w/ Original Lacquer lately? you'll choose from warmed overbuffed to death hulks AND pay)
