Hi, I'm a very busy professional and needing someone to come in to do a cleaning of my house. Its not messy, but its not clean ether. Ideal person will be someone who can come over once a week or once every two weeks and do dishes do laundry and so on.

I'm picky about one thing and that is my dishes, they have to be CLEAN!, if you wont eat off them please don't ask me too.

Please get back to me with your rates and how early you can come over. I live off 5th St. In Washington, MO. (Franklin)
