Hi, I'm a male amateur photographer looking for females 18+, any body type, who are comfortable showing skin and posing with the opposite sex in simulation. This means showing EVERYTHING in various erotic type poses, which includes full spreads. Will NOT show face. Safe environment, voice verification and background, \$100/hour modeling fee. These photos are for practice.

Please respond with a little bit about yourself, and a picture of your face or body in the first email. Will need to see nude body pics after a few intial emails. Also add 69 in the subject!

PS, please have reliable transportation, and no significant others can be in the studio while we're shooting. Too much...
