I am currently a controller and freelance account for various businesses. I have over 7 years experience. If you can't get a handle on your business or personal finances? Need to know where your money is going each month? I am able to help you. My website is [specialtyaccounting4u.com](http://specialtyaccounting4u.com). I have a home-based bookkeeping business in New Orleans/Metairie/Slidell and I'm here to help your business grow. Using QuickBooks (either desktop or Online version), I can take your mess and turn it into a masterpiece of simple reports and a clearer understanding of where your business or personal finances stand. Thanks.
