

House sitterlivestock care taker (Choteau)

Location

Montana

<https://www.genclassifieds.com/x-316131-z>

Looking for a house sitter/livestock care taker on an occasional basis. Most of my horses and mules go with me but not all of the time. Position requires experience with horses, mules and sometimes the dog. References must include your past clients and both personal and business references. I have worked a lifetime to get these critters where I want so am very particular about their well being. References will absolutely be contacted. I pack for the Bob Marshall Wilderness Association, the regional Forest Service and myself so summer into early fall would be the busy season. Located about 7 miles from Choteau. Looking for a confident, resourceful individual who will manage in my.
