Thank you for taking the time to read my posting. First, we both understand there are many people who are fakes or running scams on this site -- I am not one of them! My name is Rob and I am a successful entrepreneur who has built a high-class adult entertainment business, which is expanding rapidly throughout the United States. This business operates legally, ethically, has hundreds of 5-Star verified online reviews, and recently been awarded 2014 Entertainment Company of the Year in all of our markets.

This business brings the strip club VIP room to our client's residence or upscale hotel with the highest quality, professional, and reliable female entertainers who perform erotic shows for individuals, couples, and parties. This business only hires the best in entertainment -- my philosophy is quality over quantity! With our high-class image and aggressive marketing strategies we attract upscale, generous, and respectful gentlemen who enjoy the art of erotic entertainment and willing to pay a premium price for such service.

I am searching for someone between the ages of 28 to 50 who is attractive, classy, well spoken, has strong work ethics, creative mind, reliable, trusted, and financially responsible to be my operating partner. This is a fantastic opportunity as you will share in equal profits and exclusively be granted the right to operate a national branded business in your assigned territory. You can expect to earn profits in the range of \$75,000+ annually! In addition, you will have a flexible work schedule, based from your home office, and are provided the opportunity to work alongside a successful entrepreneur, be provided the opportunity to expand into other markets, and most important have fun. I am offering a very real, sincere, and serious opportunity for someone in your market. I have a saying and that is "the time to get in the band is when it's forming not when it's marching down the street".

If you would like more information and be considered for this opportunity, please respond with your name, email address, phone number, brief summary of your entrepreneur and/or employment history, and a recent photo of.
