I am looking to hire new promoters to help me with the nightclubs that I currently work with in NYC (I run promotions for over 20 venues in Manhattan). Club promoting is one of the easiest ways to make money while also having a great time (promoter's typically make \$150-200 per night). The job is pretty straightforward, promoters get paid to bring out groups of people (primarily women) to parties and get paid per person they bring out.

No experience is necessary. Full-time and part-time positions are available. I am ultra-flexible and can work with anyone's schedule. Email me if you or any of your friends are interested in the position.

Please Include:

1. Your full name.
2. Links to your social media accounts (facebook, instagram, twitter, etc)
3. Why you think you would be a good fit for this position?
4. If you have had any past experiences in club promoting or marketing in general.
5. Any questions that you have for me regarding the position.
