I was a nanny for over 12 years up until recently when I've settled in as a stay at home mom to my 16 month old daughter. Now I'd like to open my home to a family in need of QUALITY and affordable childcare. I understand that in most instances a parent can never get both. But let my experience, patience, energy, and SPARKLING REFERENCES convince you otherwise.

****Ages infant to 5 years****

I can provide:

- Breakfast - Lunch
- Play time
- Arts & crafts
- Learning numbers, letters, and words
- Story time
- Music
- Outdoors play (nearby parks)
- A Safe, Clean, & Clutter-Free environment.

My set up is different from many daycares. I like to keep small numbers; so there aren't 10 kids running around unattended. I value individualized attention and believe your children deserve that. :)
