Conveniently located by Somerset Patriot Stadium and the Bridgewater Promenade Shopping Center. Our studio developed out of our own group's need for an affordable top notch analog/digital recording/rehearsal facility in the central New Jersey area. Our passion for creating quality recordings organically developed into the idea of providing the same service for other recording artists. The recording/sound room has 12 foot ceilings and contains a 25 foot long sound stage to provide a realistic performance atmosphere. This room can comfortably accommodate groups up to the size of a 16 piece chamber music ensemble. Our spacious control room provides a relaxed environment for artists to participate in the post-production work.

Multitrack audio recording, mixing and mastering for musical groups and individuals with additional access to professional studio session musicians. Mobile recording facilities for offsite sessions; Vinyl to digital transferring; analog to digital format conversion; TV and radio commercial production; Karaoke style voice recording; Rehearsal facilities with the availability of live 2 track mix and live video recording
