Location **Ohio**

I have 4 cats that I need to find a home for. Unfortunately, my living situation is such that I have to move into a rental home. They will not allow pets. All my cats are from shelters. 2 boys and 2 girls. All are fixed. Two of them have their front claws removed. They do not have to stay together. They are all great cats. 1 black Chantilly, 1 main coon, 1 calico and 1 Russian blue.
 Can you assist?
