Location **Ohio**
<https://www.genclassifieds.com/x-316754-z>

This is a brand new factory sealed LG stainless steel 22.4 cubic foot refrigerator, model LDC22720ST. This model sold for \$1589 at Best Buy but we have one remaining for \$779. You can reach us at

Features

* Digital temperature controls and 3 digital temperature sensors

Utilizes multi-airflow cooling to make it easy to set and maintain freezer and fresh-food compartment temperatures.

* 4 split, tempered-glass shelves

Provide plenty of storage space for your favorite foods and make organization simple.

* 2 humidity-controlled crispers

Seal in the texture and freshness of fruits and vegetables.

* Snack bin

Keeps all your favorite refrigerated goodies within easy reach.

* 5 gallon-size Design-a-Door door bins

Offer convenient, customizable storage of milk and juice jugs, soda bottles, condiments and other bulky containers.

* Dairy bin

Creates storage space for cheeses or a butter dish.

* CustomCube automatic icemaker

Delivers plenty of ice so you can enjoy chilled beverages. IcePlus accelerated freezing function quickly makes ice for a steady supply.

* Slide-out bottom-mount freezer

For easy access to frozen foods, the slide-out bottom-mount freezer drawer is designed to hold up to 10 lbs of frozen food. The drawer is made of durable materials and features a soft-close mechanism to prevent slamming. The drawer is also equipped with a lock to prevent children from accessing the freezer.

* Efficient cooling system

The refrigerator features a multi-airflow cooling system that circulates cold air throughout the refrigerator and freezer compartments. This system helps to maintain consistent temperatures and prevents hot spots. The system also includes a defrost timer to prevent ice buildup on the evaporator coils.

* LowDecibel operation

The refrigerator operates quietly, with a sound level of approximately 42 decibels. This makes it ideal for use in bedrooms or other quiet environments.

* Door alarm

The refrigerator has a door alarm that sounds a loud bell when the door is left ajar for more than 30 seconds. This helps to conserve energy and prevent food from spoiling.

* BioShield antibacterial seal

The refrigerator features a BioShield antibacterial seal that helps to prevent the growth of bacteria on the door gaskets. This helps to keep the refrigerator clean and hygienic.

* Reverse door

The refrigerator is designed with a reverse door swing, which allows it to be installed with either a left-hand or right-hand door swing. This makes it a versatile choice for kitchens with limited space.
