

# Make 899.00 with our advertisement on your rear windshield

Location **Pennsylvania**  
<https://www.genclassifieds.com/x-316855-z>

We are real estate investors, and we want to place our text advertisement on the rear windshield of your car! For every closed deal your car advertisement yields, we will pay you \$899.00!

We pay to have the ad applied to your car, and all you need to do is drive it! The more leads it generates for us, the more deals we close, the more money you make! A great method of generating passive income.

How does it work?

-First, tell us what zip code(s) you typically drive and park your car

-We'll pay to have the decal put on your rear windshield. The decal will have a unique and traceable phone number. When calls come in to us on that phone number - we'll know they are from the ad on YOUR car and once we close a deal from those calls, we will cut you a check for \$899 EACH TIME!

The more you drive your car - the more the ad is seen - the more money you can!
