Looking for 5 great people who are determined to make money for their family, to either help make a better life, for vacation, or just extra money for around the house or extra food and clothes. Only \$75 (normally \$100) to start in March and then you will get a \$10 signing bonus (shipping and tax). You get all the training, online, in person or how ever you would like. Make money on your own time, get your own promotion through the company, it is not just selling lipstick! You can earn jewelery, cars, extra bonuses and you make 50% of all sales! If you have a heart and skin then you can be in! Message me for questions and we can meet for coffee to talk and sign!
