Want to buy a tame sun conure female, 2 to 5 years old (prefer no older). MUST be DNA-sexed or have laid eggs to prove it's a female. Close-banded preferred. Very experienced sun conure owner and aviculturist needing unrelated bloodlines for my red factor sun conure male.

Would consider trade for one of the sun conure babies I am now handfeeding (when weaned, of course, unless you are an experienced handfeeder).

For more info and lots of articles on suns and other conures I have raised: [birdcompanions](http://birdcompanions.com)
